

HINDI CALLIGRAPHY COMPETITION

“The art of beautiful writing is accessible to anyone who wants to unlock its secrets.”

Calligraphy is a kind of music not for ears, but for the eyes. Good handwriting makes an impression on the reader. Keeping this in mind, Hindi Calligraphy Competition was organised for the students of Class II on January 28, 2021.

Students showcased their writing skills in this competition. The assessment of the writings was done on the basis of neatness, formations, accuracy and actual spacing between words. The purpose of this competition was to encourage children to follow the perfect strokes of Hindi Devanagari Lipi. All the students participated with great enthusiasm and displayed their writing skills.
