

POSTER MAKING COMPETITION

THEME – SAVE THE PLANET

Earth Day is the largest celebrated international event to highlight Earth's unique place in the universe. As a mark of respect for this day students of Class V celebrated Earth Day virtually with great enthusiasm. An intra class Poster Making Competition was held on Thursday, April 22, 2021. The theme being “**SAVE THE PLANET**” saw children making beautiful posters depicting various ways to save the flora and fauna of our planet. They made striking posters touching on issues of environmental concern. The competition was really enjoyed by all the students.
