AD SHOW COMPETITION

"A good advertisement is one which sells the product without drawing attention to itself".

Ad Show ignites imagination and creates awareness in students about how markets work. A competition was organised for students of Class 5 where they dazzled everyone with their creativity and innovation while showcasing their ability to think out of the box and present engaging advertisements on various products. The judges were thoroughly impressed by their ideation, voice modulation and confidence exhibited through their performances. Headmistress Ms. Anjali Marwah addressed the students and spoke to them about importance of showing up, resilience and persistent effort. She emphasized how such events help nurture students in personality building and public speaking skills.
