

SHAPE WEEK

A shape can be defined as the form of an object or its outline.

Everything we see in the world around us has a shape. In order to make our children aware about different shapes and to enhance creative thinking in them, Shape Fiesta was organised for the Students of class Pre School and Pre Primary.

Students of Pre School were introduced with different shapes like Circle, Square, Rectangle and Triangle. Related craft activities were also done like pasting of smiley in Circle shape, Making of fish using triangle cut outs etc.

Students of Pre Primary were introduced with Oval, Diamond, Semi circle and Heart shape. Craft activities like colouring in an oval shape penguin, ear bud printing on the heart etc was done. They enjoyed doing all the activities. It was a great experience for them.
