

INTERNATIONAL TIGER DAY

"Roar for Tigers, Preserve Their Stripes!"

International Tiger Day was celebrated in class-I through an activity, aimed to raise awareness about the importance of saving tigers and protecting their natural habitat.

With great enthusiasm, the young learners used vibrant colours to bring their worksheets to life, expressing their love and concern for the animal. Through this creative activity, students learned about the crucial role tigers play in maintaining the balance of nature and why it is important to conserve them.

It was heartening to witness the little ones actively participating with curiosity. The activity enhanced their artistic skills along with a sense of responsibility towards wildlife conservation.
